

MISSION

Mission Statement: The purpose of Sharon Regional Health System School of Nursing is to facilitate student learning through theory and clinical experiences. The School is committed to preparing students to become entry-level registered nurses and promote the profession of nursing.

ACCREDITATION

Accreditation: The School of Nursing is an accelerated 16-month diploma program approved by the State Board of Nursing Pennsylvania. The School is fully accredited by the National League for Nursing Accrediting Commission. (NLNAC). The state board and NLNAC are resources for information, validation of accreditation, and will provide assistance.

PHILOSOPHY

Philosophy: The School of Nursing faculty believes that...nursing education is a facilitative process/relationship between nursing, educators, students and community.

GOALS

The School of Nursing exists for the purpose of...

Preparing entry-level registered nurses, thus enriching the community with a pool of educated healthcare professionals to meet the diverse needs of the public.

Faculty Responsibility to students...

...is to provide a comprehensive program of study through development, implementation, evaluation and quality improvement of the curriculum.

...includes personal and professional development in both students and faculty, demonstrated through mutual respect, role modeling, and integration of personal self with a professional role.

...recognizes the diverse learning styles of its student population and provides a variety of teaching strategies.
